To Whom It May Concern:

This is to recommend that Miss Annette Bungers is a highly qualified and experienced translator of Buddhist teachings and philosophy from English into German language and vice versa. I know Annette for about 16 years as a close student of mine and she has been translating for me over 10 years. Her skill of translation and her vast knowledge of the subject are marveled at and witnessed by many Buddhist Centers all over Germany.

I am sure her gentle and friendly nature would make her services even more desirable.

With best wishes,

Ringu Tulku Rinpoche  
Founder and President,  
Bodhicharya
